

Members are requested to NOTE this report and CONSIDER the recommendations

A. Data Protection Fees

The Parish Council should pay an annual subscription for Data Protection to the Information Commissioner's Office. The last payment was due in May 2021 and totalled £40.00

Going forward I would like to pay this annual subscription by Direct Debit, if the Council pay by direct debit it will automatically receive an annual reduction of £5 = £35.00.

Recommendation

Members to CONSIDER the payment of the outstanding fees and the request to move to an annual Direct Debit Payment

B. Zoom Account

Members are requested to CONSIDER the reactivation of the Zoom account for the Parish Council. The use of Zoom has been invaluable during the last few months. Going forward it will save Officer time and travel costs. The Parish meetings must be held in public, but for ad hoc meetings it would be very useful and reduce the carbon footprint of all of us.

Recommendation

Members to CONSIDER the payment of £11.99 a month to reactivate the Zoom account, payable by Direct Debit.
