

Platinum Jubilee Gas-Fuelled Beacon

21CC Group Ltd

The beacon will come ready for easy assembly, designed with a crown at the top and a special date plaque underside. The beacon will burn for approximately 1 hour using two 13kg standard propane gas cylinders, which are available from most gas stockists and petrol stations around the UK. The gas assembly is easily connected to the burner by a quick release fitting. The beacon is inherently stable; however, we recommend the use of anchors on soft ground or sandbags on hard ground for additional stability. Full set-up instructions are included within the pack and we recommend a trial set-up and lighting before the actual event to familiarise yourself with the set-up and operation. We have included two long-reach lighting sticks so that you can practice lighting the beacon in advance. We would also recommend that a fire extinguisher is available when lighting the beacon and whilst it is burning and that two people are always present.

The Platinum Jubilee Beacon package contains:

- Assembly, lighting and safety instructions
- 2m high stand and burner
- 10m hose with the regulator for connecting to the gas
- Two long-reach lighting sticks
- Spanner and leak detection fluid
- Hose and Y splitter manifold to link 2 cylinders
- No additional connections required - all you need is in the box

Beacon Price:

The price of our beacon is £490 + vat, including carriage within the UK mainland. An additional charge may be applied for other areas.

Ordering & Payment

To order your Platinum Jubilee beacon, please contact 21CC Group Ltd by phone; **0131 331 4509** or email our beacon team on beacons@21ccgroup.com. Additional information can be found on our website at www.21ccgroup.com/beacons. Payment can be made in all the usual ways including BACS, cheque and credit/debit card. Orders received before **29th April 2022** will be delivered by 31st May 2022. All orders after 29th April 2022 will be taken on a case by case basis and subject to stock availability.

The lighting of a gas-fuelled beacon at Edinburgh Castle, Scotland in celebration of Her Majesty The Queen's Diamond Jubilee in June 2012.
