OBJECTION

Re: Planning Application No/2021/09418
13. THE BEECHES LYDIARD MILLCENT.
SWINDON. Wiltshire. SN5 3LT.

OBJECTION TO THE ABOVE PLANNING APPLICATION

In relation to the above application on which we would like to respond with our OBJECTION.

The development will impact on many residents in The Beeches. We note a list of neighbours, not just immediate, have been consulted.

Wiltshire Planning/Development Services have obviously recognised this.

The Beeches is a unique development with a close community. We believe that such an application will be of interest and concern to many in The Beeches.

We have resided at the above address since 1970. Developers and planning Authority considered w Skill to keep all properties within the inner part of the development single storey. To date we have enjoyed privacy, light and views with all who reside in The Beeches.

The height and scale of the proposed development is not in keeping with surrounding properties

OVERBEARING
Massively out of context
Windows having a negative effect in a residential area invading privacy.

We strongly OBJECT to the current Application
