Lydiard Millicent Neighbourhood Steering Group Meeting 10th September 2026

Present: Mel Allsop (LMPC), Paul Kohn (Vice-Chairman), Ian Hill, Mark Claydon-Smith (LMPC), Sarah Hill-Wheeler (LMPC), Julian Wright, Colin Mills, Julie Mills

Apologies: Pat Cole (Chairman), Sherilyn Aitken, Tom Rasmussen

The minutes from the meeting on 6th August 2026 were agreed.

MLP had sent over a document with high level points on how the new NPPF will affect Neighbourhood Plans. It was agreed to ask MLP to attend a meeting to discuss in person.

Updates on where the group is with Design, Movement Routes, Blue/Green Infrastructure and Biodiversity were given.

At the recent LMPC meeting a resident had asked for trees to be planted in the area between the Mews and Meadow Springs. This is one of the proposed Green Spaces in the plan so the NP steering group were delegated to recommend what to do in the area. It was discussed briefly and will be put onto a future agenda for more detailed discussion.

Funds for the revised gap report were approved at the recent LMPC meeting.

The updated draft plan V0.33 was only received on 9th September and there had not been enough time for the group to read. It will be discussed at the next meeting.

It was agreed that the updated draft documents for Local Green Spaces, Key Views and Non-Designated Heritage Assets would be uploaded to the LMPC website, together with the Vision statement.

Next meeting – 23rd September email address: neighbourhoodplan@lydiardmillicent-pc.gov.uk.
